WARNING

Serious or fatal crushing injuries can occur from furniture tip-over. To help prevent tip-over:

- Install tip-over restraint provided.
- Place the heaviest items in the lower drawers.
- Unless specifically designed to accommodate, do not set TVs or other heavy objects on top of those products.
- Never allow children to climb or hang on drawers, doors, or shelves.
- Never open more than one drawer at a time, (OR)
- Do not defeat or remove the drawer interlock system.
- Measurements may vary between half or one inch.

ALL SALES ARE FINAL

The use of tip-over restraints may only reduce, but not eliminate, the risk of tip-over.
